

Bring Your Own Device (BYOD) Agreement

Overview

Students are welcome to bring their personal digital devices to school to support their learning.

This is an agreement between STUDENTS, THEIR PARENTS/CAREGIVERS and THE SCHOOL about the personal digital devices students bring to school.

This agreement covers the use of personal:

- Chromebooks
- iPads
- laptops
- netbooks
- tablets
- iPod Touches
- mobile phones (as a learning tool)*
- any other digital devices that are suitable for learning

* Notes on mobile phones:

If a mobile phone is brought to school for the purposes of learning then it will be locked away with other personal devices when not in use. Because of this, no guarantee can be made that students will be able to retrieve their cell phones during an emergency.

If parents and/or students prefer that the cell phone does not get locked away then the student may take the phone to the office before 8:55 a.m. each day. Mobile phones that are in the office will be brought to the field during an evacuation. In this situation, the phone will not be eligible for use in the BYOD programme.
